Memo:—

"Annexation No. 67"
to City of Compton

6/8/50 - According to Geo. Wakefield, Rep. Co. Counsel, Enterprise S.D. + Compton City S.D. have asked C.C. to investigate advisability of filing court action (would have to be Quo Warranto which requires application to atty gen'l) to test validity of the annex.

Wakefield has the job and is studying Gerald Kelley's theory that City or School Dist Owned Territory annex procedure (G.C. 35200), rather than Unincorp Terr. procedure (G.C. 35300), should have been used. He isn't sold on the theory, but hasn't found any law for or against it.

The districts haven't been pressing the matter the last few weeks so it may not be necessary to file suit.

Because of the possibility of a test case, C.C. probably will not write an opinion.

George promised to furnish us the number of the case if + when it is filed.

4/13/50 - Leonard Barnes, former Lynwood City Atty. called for information. He has talked to Gerald Kelley (C.C.) re validity of the annex. Barnes claims that the procedure for annex of school dist prop. (G.C. 35201 et seq.) being specific and applicable (?) should have been used in place of the general provisions of G.C. 35300 et seq.

According to Barnes, Kelley concedes that G.C. 35201 may possibly apply, but is withholding opinion pending discussion with Wakefield & Lamoreaux.

This is first time in our experience that G.C. 35200 et seq. has been considered to apply to a combination of city or school dist owned territory & adjacent uninhabited territory.
